

**MEDICINE HAT SCHOOL DISTRICT NO. 76**

**BRING YOUR OWN DEVICE**

**BACKGROUND**

According to Inspiring Education, Alberta Education's vision of technology use focuses on the 21st Century Student as:

- an **Engaged Thinker**: Someone who can use technology to learn, innovate, communicate, create and discover.
- an **Ethical Citizen**: Someone who can build relationships, is open minded and who demonstrates respect, empathy and compassion.
- someone with an **Entrepreneurial Spirit**: Someone who will strive for excellences, achieves goals and believes in hard work, perseverance and discipline.

**POLICY**

The Board believes that to meet the needs of 21st Century Learners, Medicine Hat School District No. 76 allows students to bring their personal devices to school for learning.

**GUIDELINES**

1. The implementation of technology will be used as a tool that enhances student learning.
2. A wide variety of devices will be used to enhance student learning.
3. Staff and students will demonstrate responsible use of technology.

**Approved:  
December 17, 2013**
