## Google Apps for Education (GAFE)

### Dear Parents and Students:

Your school has access to Google Apps for Education including Division approved 3rd party applications and extensions. Google Apps gives students and teachers a range of online tools to enrich communication, content creation, and collaboration. When students register in a Medicine Hat Public School Division school, they are provided with a login ID and password that allows them to access online tools such as student Gmail and other Google Apps tools.

### About "Google Apps for Education":

Medicine Hat Public School Division provides access to, and manages, Google Apps for Education accounts for staff and students in the Division. These online applications allow staff & students to communicate and collaborate using Google powered email, calendars, document sharing, and websites. These applications are different from public Google applications (such as Gmail) in that they are managed by the Division, do not include any advertising, and have more strict filtering and content controls. See (<http://goo.gl/Je3g2>) for detailed information about privacy and Google Apps (with thanks to Edmonton Public Schools).

### Where is the data stored?

Sensitive student data (student attendance, schedule, grades, etc.) are stored in PowerSchool (School Division) file servers. Student files (e.g. essays, presentations, email, etc.) are stored on Google's servers outside of the Division (in the USA).

### What information and resources are parents and students able to access through Google Apps?

Students will have access to their student work, calendars, and collaborative tools to create documents, presentations, and sites whenever they have access to the Internet - at any time, from most types of devices. Students can maintain access to their email, files, and websites as they move from grade to grade and from school to school.

By initialing this, I/we:

- Consent to allowing our child to access and utilize the GAFE resources as described above.
- Understand that the Google website is under the direct control of Google, as such the School Division cannot guarantee the privacy of any documents or videos that your child stores on these sites. I accept this risk.

I understand that this consent is valid for this current school year only.
